What is Karnak?

The National KARNAK RING this year will be judged by All three International All-Breed Judges chosen from the BREED GROUP WINNERS of the 13 sections

BEST OF BREED/DIVISION winners in each category will be based on their accumulated ring score. The representative of the breeds in each Breed Group will be selected from the scores for Entire Cat, Kitten, N/S Cat & N/S Kitten. Whichever category has the highest score will represent that breed in its selected breed Group e.g If the Entire Cat of it'S breed gains 48 points, the Entire Kitten gains 56 points, the N/S 38 points and there is no N/S Kitten entered for that breed, then the exhibit going forward to compete in the BREED GROUP will be the one with the highest points, in this case the Entire Kitten. This kitten will compete against the other breeds in its respective group who will have been chosen the same way i.e. whichever exhibit for that breed has the highest COLLECTIVE SCORE FROM ALL THREE RINGS.

SPECIALTY RING SCORES will range from 10 points for BIS down to 1 point for 10th BIS if less than 10 exhibits points will be scaled accordingly

ALL BREED RING SCORES will begin at 20 for BIS and count down to 11 for 10th BIS if less than 10 exhibits points will be scaled accordingly
