

## OUTLAWED MATINGS

**Catzinc will not accept for registration in any section for the following unless otherwise stated.**

**Cymric Manx Tasman Manx to the following**

Cymric Manx Tasman Manx Scottish Fold and their Variants Highland Fold and their Variants  
Celtic Fold and their Variants Gaelic Fold and their Variants

**Highland Fold Scottish Fold to the following**

Cymric Manx Tasman Manx and their tailed varieties  
no fold to fold matings i.e. Scottish Fold Highland Fold Gaelic Fold Celtic Fold

note this does not mean the initial matings for another breed or when the folded ear gene is lost within another program.

i.e. Celtic Variant is allowed to a Scottish Fold or a Highland Fold to bring back the folded gene  
same for a Gaelic variant short leg no fold to bring back the folded gene

This applies only when the Folded Gene is lost from the Celtic or gaelic Programmes

**Bambino to the following**

Bambino or Variant to any other breed

Other than the following when a gene for the breed is lost within a programme  
then a variant or Bambino can be mated to either a Sphynx Munchkin or Napoleon  
to bring back the lost gene and in the case of imports where countries have allowed  
Bambino to Bambino matings matings to Sphynx Munchkin or Napoleon to increase the gene pool

**Celtic Fold to the following**

Cymric Manx Tasman Manx and their tailed varieties Celtic Variants in any other breed  
no fold to fold matings i.e. Scottish Fold Highland Fold Gaelic Fold Celtic Fold  
note this does not mean the initial matings for another breed or when the folded ear gene is lost within another program.

i.e. Celtic Variant is allowed to a Scottish Fold or a Highland Fold to bring back the folded gene

This applies only when the Folded Gene is lost from the Celtic Program

**Gaelic Fold to the following**

Gaelic Fold Scottish Fold and their Variants Highland Fold and their Variants Celtic Fold and their Variants  
Cymric Manx Tasman Manx and their tailed varieties Lambkin or Skookum  
No gaelic Variants in any other breed with the exception of the following

Short leg non fold to a Highland Fold Scottish Fold or Celtic Fold to bring back the folded gene into the progr  
Long leg Fold to a munchkin or Napoleon to bring back the short legs into the program
