

NEW ZEALAND CAT REGISTRY
In Pursuit Of Excellence
Friendship ~ Innovation ~ Integrity

Director of Corporate Services Report for AGM 2019-

We have been going very well, registrations are up on last year. My thanks to all those who register all their litters, imports and domestics with Catz Incorporated.

We have had a change to rule 14 in the Code of Ethics. Previously it read as:

“Members shall ensure, when selling a cat/kitten that it has a Certificate of Litter Registration. When the said cat/kitten is for breeding purposes, transfers shall be made to the breeder/purchaser and a four generation Pedigree given within 21 days of receipt of full payment for the Cat/Kitten. All breeding animals shall be good representatives of the breed and free from known genetic defects at the time of sale.”

Now reads as:

“Members shall ensure when selling a cat/kitten that it has a Certificate of Litter Registration. All cat/kitten transfers shall be made to breeder/purchaser within 21 days of receipt of full payment for the Cat/Kitten. If the Cat/Kitten is for breeding purposes a four generation pedigree is also required to be supplied within 21 days of completion of payment. All breeding animals shall be good representatives of the breed and free from known genetic defects at the time of sale.”

For all those who don't know, a certified pedigree is \$30.00, a pet pedigree is optional and costs \$5.00.

Anyone requiring a copy of the Code of Ethics, contact me. I am happy to send it to you via email.

I am still having a problem with members not including postcodes when registering and transferring kittens or cats. Sure, it only takes a couple of minutes to look it up, but multiply that by 10 litters of four kittens, and you can see the time taken to do this soon mounts up. Fortunately New Zealand Post has a handy dandy website to help you find postcodes. It is: <https://www.nzpost.co.nz/tools/address-postcode-finder/>. Please use it extensively, its free. Also, if you send in hand written applications for registration and/or transfers please please please make sure your writing is clear and easy to understand. If I can't read it, the paperwork can't be processed until I have a legible copy to work from.

When it comes to making payments for registry services, please provide a proof of payment for your direct to bank payment. A screen shot of the completed payment is ideal. If you chose to make payments using a credit card, please update me with your new details if there are any changes – for example expiry dates.

Full Litter Registration's from 2018 from January to December was 221, from January to September 2019 the total is 191.

Experimental Registrations from January to December 2018 was 60, in 2019 from January to September it is 48

Catz Inc. AGM 2019

Web Site: www.catzinc.org
