Corporate Services Report 2020

Hi All,

Well another year has gone by even though there were no shows, Registry has still been busy.

A reminder that Catz Inc will no longer accept cheques. The closure of many bank branches has made accepting cheques difficult. All payment must be Credit/Debit card (send me the details), or by Direct to bank. If you are paying direct to bank, then I will need a proof of payment before I can action your applications, if I do not receive a proof of payment then the applications will wait until I see the payment on a statement. And please, remember to put a relevant reference on your payment.

Litters registered from 01.01.2019 to 30.09.2019: full 295, experimental 47

Litters registered from 01.01.2020 to 30.09.2020: full 147, experimental 83

A good increase in experimental registrations but the reduction in full registrations I am putting this down to the breeders that only register to show, even though the rules are that all litters shall be registered.

Please remember that when filling in forms online all lines must contain details. If sending in photos of transfers or sending emails for registration and transfer applications, that the post code must be shown where applicable. New Zealand Post has a handy dandy post code finder available for free use on line – please make extensive use of it.

I am happy to help anyone with any information required for registering, especially colour requests using photos showing front on and profile and full body shots. If both parents are registered with Catz Inc. I can check the parent's pedigrees what colours are possible. If registered with any other body I need a copy of the parents four generation pedigrees to do the check.

If you are using a stud that is not registered with Catz Inc then I require consent from the owner and a four generation pedigree showing registration numbers, colours and breed.

Please remember if your breed has an inherited factor that can be tested for, it is advisable to do this. For example Ragdoll for HCM & PKD. Persian, Exotic, and Himalayn PKD. Maine Coon HCM. If you send the results to me then I can put it on the registration certificate and pedigrees as long as when you register you put the information on the registration form.

Memberships from 01.01.2020 to date 30.09.2020 are Full 85, Life 8, Associate 8.

Well thats all for now. See you all on the 14th November at the AGM

Bye Sandi
