JANUARY 2nd 2021

Hello Everyone,

Catz Inc would like to wish you all a very
Happy New Year.

Lets hope this year is much better than the last one.

It is now time to renew your Membership. You will have till **31st January**. Please remember NOT to send cheques for payment. Credit Card or Direct Debit. You will need to send proof of payment. PLEASE remember to put your name and what the payment is for. If you are Breeding and you haven't renewed your Membership you will be taken off the Breeders List. If paying by C/C or D/D please make sure your card details are correct with Sandi.

Changes to existing Prefix's. If you want to change the name on a Prefix it will cost \$20. If you want a duplicate copy it will cost \$10.

You will find on the website dates for 3 shows and also our meetings. Details of the shows will be put up shortly. Once again the club is asking for more help to set up and take down the shows. It is left to the same few people every show to do this. If there is no help coming forward then we might not be

able to continue with so many shows or we would most likley cut the rings from 6 to 3. So please Exhibitors, lend a hand.

We dont think we will be able to have overseas Judges for this year. That means we might have to use same Judges at more than one show.

We have vacancies on the BOD. Is there anyone who will put there hand up and volunteer PLEASE?

Here is a little bit of information some of you might like to read.

Cats Registered 2019 707: 2020 711: increase of 4.

Full Registered since 2001 till 2020: Experimental 10653: Full 17542: Total 28195.

A Message from Registry & Membership.

If you are paying money into Catz Bank Account then **PLEASE** send the right application forms filled out **correctly** otherwise it could be deemed a donation.

We hope to have a schedule for our first show in March on the website soon. Judges names may have to be put on at a later date. Please just give us time to get Judges sorted out. Will be working hard on that this week.

I'm sorry this is a bit late coming to you all but I had gremlins in my computer and they locked me out. I am so good with computers {NOT} that I had to wait for some help to get me going again.

Please stay safe out there everyone
