### **Director of Finance Report**

Even with the uncertainty of COVID-19, our shows were again financially successful this year.

Our bank balance is becoming very healthy and with the opening of the borders we can afford to get overseas judges back without the risk of not being able to pay our bills. I am hoping we continue to use the Kumu community hall for shows to keep having successful shows. Entry fees for shows will need to be adjusted to reflect true costs. For example Kumeu hall and local judges the entry fee will reduce. But overseas judges and an expensive hall will have the entry fee pass the \$100 mark.

Sandi's printer died this year so we had to purchase a new one along with ink.

The Director of Finance has not suggested any price rises this year.

Yet another reminder that a clear reference on payments of what you are paying for and sending payment confirmation to the correct person, means the money you pay into our bank account is quickly and correctly recognised. If you are using an account named different to your membership name, you will also need to add your name to the reference. We are getting references that do not reflect what is paid for.

The banks haven't provided the account number that money comes from for years now, so if a refund is needed you will need to send your account details and reason to [Finance@catzinc.org](mailto:Finance@catzinc.org). This will be processed once the refund eligibility is confirmed.

I would like to acknowledge the volunteers who help out at shows, meetings, and container tidy-ups. Thank you for all your help.
