Corporate Services Report

Membership as at the 30.09.2024 is 140.

Please remember that if paying by credit card you make sure the details I have are correct.

If paying by direct to bank each application must be accompanied with a proof of payment.

Full registration from 01.10.2023 to 30.09.2024: 591

Experimental registrations from 01.10.2023 to 30.09.2024: 457

Total registrations to 31st September 2024 is 1048

Current pricing

Registration of a single animal or a litter under 6 months: \$20.00.

Animals over 6 months: \$30.00.

Transfers within NZ are: \$5.00, out of NZ: \$15.00.

Pedigrees for catzinc members and pet pedigrees \$5.00 per cat. This is not a certified pedigree.

Certified pedigrees are \$30.00 per cat.

Membership fees are: full \$35.00, Associate \$20.00, and Junior \$10.00.

For imports from registries other than NZCF, I will be asking that the price be increased to \$30.00 per cat, as it takes time to convert colours to Catz Inc. colours and registration numbers. NZCF imports are to stay the same at \$20.00 per cat.

Please remember that as Catzinc members to be civil in your dealings with buyers and other members. If you get hassled by anyone then my advice is to just delete them from your contacts.

If you are wishing to check whether a potential buyer for a breeding cat is a financial member and has a Catzinc registered prefix you can only check with the Registrar.

The breeders list does not have breeders loaded until they have Membership, Prefix and own at least one breeding cat. Not every breeder wants to be listed.

Catz Inc. AGM 2024

Web Site: www.catzinc.org

If you wish to be added onto the Breeders List, fill in the form and send to the Registrar to confirm that you are a current member and hold a registered prefix. It will then be forwarded to the web master.

Please keep in mind that all catzinc positions are voluntary and we are very busy so please do not get upset if your requests take a while to process.

Remember that as a Catzinc member and a registered breeder that all litters/cats shall be registered. When selling cats/kittens transfers must be actioned within 21 days or upon full payment.

If you are selling a cat or kitten for breeding, check the person is a registered breeder with the registrar.

Animals sold for breeding must be accompanied with a 4 generation pedigree if selling to another Catz Inc. registered breeder. If selling to a non Catz Inc. breeder, but they belong to another registry, the transfer must be accompanied with a certified pedigree.

If you have problems deciding the colour of your kittens then contact the Secretary or the Registrar. I am happy to send you the genetics chart.

NZ POST has removed all the local post boxes, so posting will only take place on Wednesday when I go to the Post Office depending upon my health at the time.

Good luck to you all for 2025.
