Director of Finance Report

Our shows are now getting back on track with more overseas judges. Using the Kumeu venue has helped minimize the losses. With the small increases in show entry fees, our bank balance has raised slowly by \$4,823.88 with the registry covering the show-related losses.

At this time, the Director of Finance has not proposed any further price increases for the year.

A reminder: It is essential to include a clear reference when making payments to ensure your payments are accurately processed. Please specify what you are paying for and send confirmation to the correct person. If the name on your bank account differs from your membership name, be sure to include your name in the reference. We continue to receive unclear payment references, which can cause delays.

Since banks no longer provide the account numbers payments come from, if you require a refund, please email your account number and the reason for the refund to Finance@catzinc.org. Refunds will be processed after confirming eligibility.

I'd like to take this opportunity to acknowledge and thank the volunteers who assist in setting up and taking down the shows, as well as those who help in other ways. Your contributions are greatly appreciated.

Additionally, we value and thank our show sponsors for their ongoing support.
